PT. Istana Potterindo Industri is a leading professional ceramic producer with an extensive and constantly growing range of designs. We specialize in producing handmade ceramics that are finely detailed with individual characteristics with distinguished quality. PT. Istana Potterindo Industri perceives design as an expression of our story behind the uniquely handcrafted approach to transform humble stoneware clay into novelty tableware. For the past 30 years, we have been working with the best chefs, michelin starred chefs, and top hotels around the world to bring forth the unique essence of their food by connecting them to the details on every piece in our product.

We have established long term relationships with clients in many countries including Ukraine, Dubai, Thailand, Vietnam, Singapore, Malaysia, Japan, USA, Europe & others. Our clients include the Ismaya Group, Ritz Carlton Koh Samui, Hilton Manila, Boga Group Indonesia, and many more.

We are producers of “bespoke” and “off the shelf” tableware to the hospitality industry. Our products are made to order under the brand name Royal Bali Celadon and a retail online shop with a brand name of Designer Tablewares by RBC which can be found in Tokopedia and Shopee. We apply tight quality controls in every stage of our production process and finished goods (in-process and out-going QC) to ensure we will only deliver good quality products to our clients.
