

PT Kreasi Mustika is a lighting armature manufacturer established in 1999.

We provide lighting fixtures, lamps, and accessories for industrial or commercial use. We also provide flood lighting and lighting for gardens and streets. All of our products can be customized according to needs. Beside providence of products, we also cater technical back up, presentation, design, and calculation, and after sales service.

We have obtained ISO Certificate 9001:2000 since 2002 for our manufacturing management systems and engineering. Ever since our establishment, we have been trusted by both private and state owned projects such as Indofood factory in Cikarang and Gerbang Tol Cikupa, Tangerang.

We will keep pursuing to become a world class company in the lighting solution industry with excellent products.
