Dliring

As sweet as natural healthy life

Organic • Natural taste • Healthy • Homemade

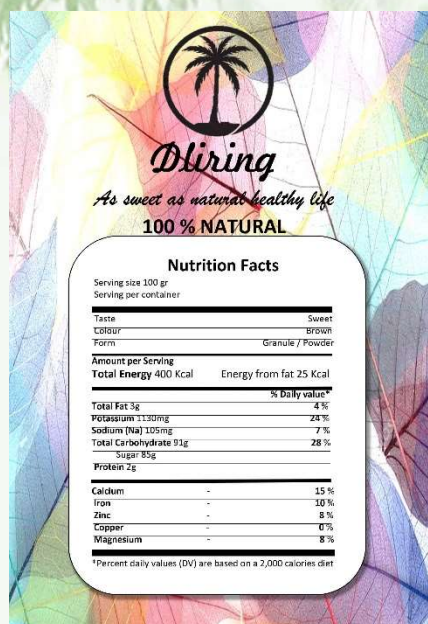

Dliring is a brand from SURYA JAVA FOODS for the coconut palm zuiker (cocos nucifera) as natural sweetener that is made of the good quality of pure coconut juice (nira) that have the typical flavor and good taste.

Dliring is have the low glycemic content, without chemical mixture and hygienic, so *Dliring* is safe for the diabetics and the children with the special needed.

Dliring is can be used as daily food and beverage sweetener enhancer.

The raw material (coconut juice) of coconut palm zuiker (cocos nucifer) that we have been produce is from local area in Central Java.

ABOUT COCONUT PALM SUGAR (COCOS NUCIFERA)

The coconut sugar in crystal or powder form is called as coconut palm sugar or zuiker (cocos nucifera) has been trusted and proven to have many health benefits compared to the cane or white sugar. In addition to giving a sweet taste of coconut sugar is considered low in calories, contains mineral salts, and is rich in nutrients and vitamin A.

Its use is more practical because it dissolves easily, and it is durable because of low water content.

This sugar can be added to herbs or warm drinks, bread dough, cakes, or other foods.

The coconut sugar is used for various purposes, such as:

1. Household purposes, such as spices and sweetener of the snacks
2. As the raw material for the snack industry
3. Sweetener of the beverage
4. As a supporting material for the food industry (bread industry)

The usage of coconut palm sugar (cocos nucifera) is difficult to replace with other sugars, the coconut sugar has a distinctive color, taste and flavor.

While coconut palm sugar (cocos nucifera) has many uses:

1. As a substitute for granulated sugar, coconut palm sugar (cocos nucifera) is very delicious when used as a sweetener of tea and coffee drinks.
2. According to the researchers the content of the coconut palm sugar (cocos nucifera) is quite good compared to the sugar made of other ingredients, because the sugar content is low so it is good for diabetics, and there are no side effects to the body.
3. The coconut palm sugar (cocos nucifera) is quite rich in elements of protein, minerals, vitamin C, riboflavin, thiamine, phosphorus and calcium.

4. As a flavor enhancer and enhancing the efficacy of health drinks when added to spices such as ginger, sour turmeric, ginger, and others.

Because of its superiority compared to granulated or rock sugar, the coconut palm sugar (*cocos nucifera*) are now sought after by the consumers with the health factors as the mainly reason, because crystal sugar or coconut palm sugar (*cocos nucifera*) is the natural sugar and it is hygienic guaranteed or hygienist.

Nutritional Composition of Coconut Palm Sugar (*Cocos Nucifera*) per 100 grams is Calories 400 kcal, Carbohydrate 91 gr, Fat 3 gr, protein 2 grams.
