RIGA FASATAMA INDONESIA

We provide many products with quality and cost-effective prices. Our company has a network that allows us to reach direct producers to make efficient and cost effective for our buyers.

We understand your need for a fair price due to high transportation costs, the time it takes to find a real and sustainable supply, break the negotiation chain to secure deals quickly and with confidence. We are the solution.

Our base is in Jakarta Indonesia. We are supported by leading transportation partners and expeditions across the country at all ports

Trust we only need fair engagement and long-term cooperation. You can count on us to provide your needs safely and hassle free

Furniture

Our furniture is made from selected high quality teak materials which are made with the expertise and skills passed down from our ancestors. All products are made in Java, a place for wood furniture craftsmen in Indonesia who are known for their neatness, detail, durability and unquestionable quality.

You can choose the furniture that we have made or you can determine the design, size and details you want yourself. We can certainly fulfill it.

Contact us and tell us what you need, whether it is classic or modern, fixed or customizable, we only fulfill you with quality.
